## **Altitude Edge Consultants selected for PACE support by Harbor Health Services**

**DENVER, Colo. – June 24, 2009** – Altitude Edge Consultants, a health care consulting firm, has been selected by Harbor Health Services, Inc. in Dorchester, Mass., to provide a risk adjustment consultation for its PACE program, Elder Service Plan. PACE (Program of All-Inclusive Care for the Elderly) programs are Medicare and Medicaid-certified services that involve a team approach to caring for a senior living at home in the community.

As a PACE provider, Elder Service Plan of Harbor Health will provide an integrated network of preventive and supportive care for seniors so they can remain healthy and in the least restrictive environment. Altitude Edge Consultants will help Elder Service Plan understand and plan for the Medicare Risk Adjustment, which helps predict expenditures for the frail elderly and affects the plan's Medicare payments.

Harbor Health Services operates the Geiger Gibson Community Health Center and the Neponset Health Center in Dorchester, Mass., and the Mid Upper Cape Community Health Center in Hyannis, Mass. In addition to the Elder Service Plan, Harbor Health Services administers the Dorchester WIC Nutrition Program, the Ellen Jones Community Dental Center and the Columbia Point Infant/Toddler Child Care Program.

### **About Altitude Edge Consultants** ([www.altitudeedge.com](http://www.altitudeedge.com))

Altitude Edge Consultants is a unique firm that approaches the future of health care by combining solid strategic analysis and traditional tactics with ideas that help organizations' reach their peak performance.
